🌐 **LinkedIn:** <https://www.linkedin.com/in/mohit-prajapati-b19323>

BCA Graduate CGPA: 7.5 from Ganpat University and currently working as an AI Developer at Data Science Society. Skilled in Machine Learning, Generative AI, Large Language Models (LLMs), Python, and Full Stack Development. Experienced in building AI-powered applications, ERP systems, LMS platforms, and automation solutions. Completed internships in AI, ML, Data Science, and Research, with recognition as a Top Performer in a Data Science & Machine Learning internship. Passionate about developing intelligent solutions that drive real-world impact.

TOP SKILLS

- ☁ REST APIs
- 🔧 Django
- 🗄 PostgreSQL
- 🐍 Python
- 📊 Data Analysis
- 📄 SQL
- 🌟 Tableau

EDUCATION

- 📅 JUL 2026
BCA
Computer Science
Ganpat University
- 📅 MAR 2023

EXPERIENCE

ARTIFICIAL INTELLIGENCE DEVELOPER

Data Science Society

MAR 2026 - CURRENT

- Currently working as an AI Developer at Data Science Society, where I design, develop, and implement AI-powered solutions using Machine Learning, Generative AI, and Large Language Models (LLMs). My responsibilities include building intelligent applications, integrating AI models, automating workflows, and developing innovative solutions to address real-world challenges.
- I collaborate on end-to-end project development, from problem analysis and solution design to implementation and optimization, while leveraging modern AI technologies to create scalable and impactful applications. This role has significantly enhanced my expertise in Artificial Intelligence, Machine Learning, Prompt Engineering, AI Integration, Automation, and Software Development, while strengthening my analytical thinking and problem-solving abilities.

DATA SCIENCE & MACHINE LEARNING

Zaalima Development Pvt Ltd

SEP 2025 - DEC 2025

- Completed my internship at Zaalima Development as a Data Science & Machine Learning Intern.
- Worked on real-world AI/ML projects, data analysis, and predictive modeling while gaining hands-on experience with Python and Machine Learning technologies.
- Proud to have been recognized as a Top Performer for my dedication, learning attitude, and contributions throughout the internship.
- Grateful to the mentors and team for their guidance and support.

ARTIFICIAL INTELLIGENCE & MACHINE LEARNING INTERN

SmartBridge Indonesia

JUN 2025 - AUG 2025

- Successfully completed an experiential learning program in Artificial Intelligence and Machine Learning.
- Worked on practical Machine Learning workflows including data preprocessing, feature engineering, model training, evaluation, and optimization.
- Applied Python and popular AI/ML libraries to analyze datasets and build predictive solutions.
- Developed problem-solving and analytical skills through real-world project implementation and case-study-based learning.
- Strengthened understanding of Machine Learning algorithms, data analysis, statistics, and AI-driven application development.
- Collaborated with mentors and peers while completing academic and project requirements successfully.
